

# C 48'

## Novi model Sessa C 48'' u duhu Mediterana" The new Sessa C 48'' Mediterranean soul"

Sessa Marine je u listopadu 2010. na Genova Boat Showu predstavila C 48' – luksuznu jahtu inspiriranu Mediteranom koja je postala simbol vizija brodogradilišta Sessa Marine u 2010. godini.

Model C 46', lansiran 2007. godine, prepoznat je po sportskim linijama i jedinstvenom dizajnu koji izražava talijanski smisao za sklad i eleganciju. Uz to, C 46' prva je jahta na tržištu s IPS sustavom upravljanja. Upravo te karakteristike pripomogle su joj da osvoji prestižnu nagradu "Brod godine" na London Boat Showu 2008.

Sessa Marine osvježila je ovaj revolucionarni model pridajući mu još modernije elemente i veći komfor, te se može očekivati da će novi C 48', kao redizajnirana verzija C 46', pridobiti mnoge simpatije postojećih fanova C 46'. Razlika između ovih dvaju modela leži u dizajnu trupa, brojnim tehničkim nadogradnjama i prostranjnjem kokpitu.

Doprdsjednik Sessa Marine Riccardo Radice ističe: "Potrebe i želje naših klijenata usmjeravaju nas u našem radu. Mi stvaramo za njih i to je ono što naše jahte čini idealnima za uživanje i uvijek u trendu."

"Jahta je mjesto na kojemu se strast, kultura i različiti životni stilovi međusobno isprepleću i žive, a naš je posao da ih interpretiramo i spojimo u jedinstvenu cjelinu na najbolji mogući način. Osjećavajući hit-model kao što je C 46' na način da se predstavi verzija C 48' idealan je modus koji sa stajališta ergonomije i stila danas odgovara na potrebe klijenata. Sve to još jednom potvrđuje našu kreativnu snagu."

The yacht range renewal program at Sessa Marine continues by the presentation of new yacht C 48' at the Genoa Boat Show 2010.

C 48' is a unique, modern Mediterranean-inspired yacht and the perfect symbol for Sessa Marine Shipyard.

Being the first yacht on the market in 2007 with the IPS propulsion system, the C 46' was instantly recognized for her Italian Spirit characterized by her elegance and onboard comfort, design and sportiness. Sessa Marine has now refreshed this model, already awarded "Boat of the Year" at the London boat show in 2008, to give it a modern touch and adding even more comfort.

The C 48' will most likely receive a warm welcome from our C 46' fans, because of the similarities between the two yachts. The differences lie only in the design of the hull and superstructure that are in line with Sessa's new spirit, along with a larger cockpit and numerous technical upgrades.

"Our clients' needs and ideas are what guide our decisions. We create for them and that is what makes our yachts so enjoyable and always up to date.", says Riccardo Radice, the new Vice President for Sessa Marine.

"A yacht is a place where passions, cultures and different life-styles come alive, and it is our job to interpret them to their best". Refreshing a hit such as the C 46' by presenting a 48 version is the perfect answer, both from an ergonomic as well as stylistic point of view, to an owner's needs today. This only goes to show, once again, our creative force".

## ŽIVAHNE LINIJE TRUPA

C 48' je evolucija profila modela C 46', pri čemu su linije postale mekše, atraktivnije, ženstvenije, a istodobno nisu izgubile sportski duh. Apsolutno suvremen, C 48' vrlo je šarmantan model sa svojom sjajnom, crnom bojom trupa koja idealno pristaje uz zatamnjena stakla.

## PROSTRAN I SVIJETAO KOKPIT

Uz produženje krme, otvorila se i mogućnost za povećanje kokpita za 35 centimetara, te se time dobio veći i udobniji otvoreni prostor.

Osim prostranosti, kokpit C 48' postao je i puno svjetlij i zahvaljujući većem pokretnom dijelu hard-topa koji sada omogućava idealnu cirkulaciju zraka. Treba još istaknuti i upravljačko sjedalo, koje je u potpunosti redizajnirano. Dizajn je inspiriran automobilskom industrijom, a svi detalji prepušteni su maštii dizajnera Christiana Grandea.

Rezultat je moderna jahta koja izražava jedinstvenu sportsku eleganciju.

## INTERIJER U PRAVOM "MEDITERANSKOM STILU"

Interijer je dizajniran po uzoru na današnje trendove u uređenju luksuznih jahti. Prevladava kombinacija smeđe i krem boje kožnatog namještaja, u kombinaciji s krem bojom kuhinje koja stvara osjećaj prostranstva i svjetline.

## A WINNING AND SPIRITED LINE

With its superstructure and hull inspired by the C 68' and as with the entire range, the C 48' is an evolution of the C 46's profile making her softer, more attractive and feminine, yet without losing her sporting look. Absolutely contemporary, the C 48' is very "charming" with her gloss black hull to match the windows.

## SPACE AND LIGHT IN THE COCKPIT

With the extension of the transom, we were able to expand the cockpit by 35 cm. This allowed more room for a larger and more comfortable outdoor space. The C 48's cockpit is also brighter because of an even larger, electrically operated hard top positioned over the starboard helm and allowing for perfect air circulation. And finally, the driver's seat. It has been redesigned having been inspired by the auto industry and treated by our designer Christian Grande.

The result? A modern yacht, which expresses a unique sports elegance.

## AN INTERIOR IN TRUE "MEDITERRANEAN STYLE"

The interior styling has been done following the leading trends for today's yachts. The furniture in dense walnut, leather surfaces in brown, cream and cocoa together with a cream coloured kitchen all combine to make this yacht exceptional bright that invite one to do more than just travel, but to do so in a typical Mediterranean Style.

## HIDRAULIČNI SUSTAV UPRAVLJANJA KRMENOM PLATFORMOM I GARAŽA ZA „IGRAČKE”

Prostrana krmena platforma na hidraulično upravljanje idealna je za jednostavno spuštanje u more gumenjaka i jet-skija, ali i za jednostavniji ulazak u more. Garaža je idealno spremište za gumenjak dužine do 2,85 metara ili jet-ski.

Na C 48' vidljivi su mnogi tehnički noviteti: spremnici goriva i vode izrađeni su od „armiranog“ polietilena kako bi se umanjila mogućnost korozije, poboljšani su sustavi hidraulike i elektronike radi poboljšanja općih performansi plovila i korišten je sustav infusion kako bi se smanjila težina plovila, a pritom zadržala sva mehanička svojstva. C 48' bit će opremljen dvostrukim sustavom upravljanja IPS 600 (svaki s motorom 435 KS D6).

## A HYDRAULICALLY OPERATED TRANSOM BEACH AND A GARAGE FOR THE "TOYS"

The large hydraulically operated beach platform at the stern allows not only for simply launching of the onboard toys or tender, but also makes for easy access to the water to enjoy a swim. The garage has space for up to a 2.85 meter tender, suitable for the C 48' to carry a jet-ski. Our technological improvements are many; Fuel and water tanks in reinforced polyethylene to reduce corrosion, upgrading of the hydraulic and electrical systems for improved performance, the use of infusion that maintain the same mechanical properties as before though reduce the weight of the finished product. The C 48' is powered by twin IPS 600 systems (each with a 435 HP D6 engine).

### TEHNIČKI PODACI / TECHNICAL DATA

DUŽINA PREKO CIJELOG BRODA / LOA	15.72 m
ŠIRINA / BEAM	4.28 m
MOTORI / ENGINES	Max 870 hp / 640 kw
OSOBE / PEOPLE ON BOARD	12
TEŽINA SA MOTOROM / WEIGHT WITH ENGINE	2 x IPS 600 : 13 t
TANK GORIVA / FUEL CAPACITY	2 x 636 l
SPREMNIK VODE / WATER CAPACITY	530 l
CRNI TANK / BLACK WATER	190 l
