Novi model Key Largo linije - Key Largo 27 s unutarnjim motorom Volvo Penta 5.7 GXi od 320 KS fascinira svojim dizajnom, dinamičnim profilom i novim zanimljivim rješenjima.

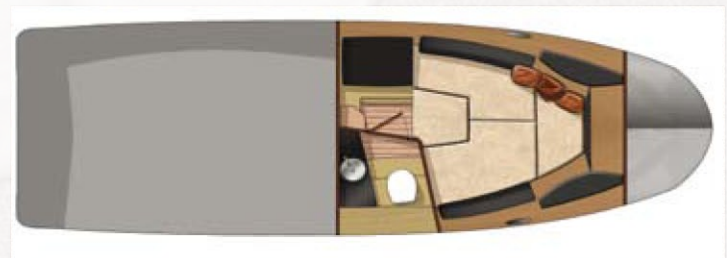

Najzanimljivija novina ovog modela je krmena platforma koja pruža mogućnost uživanja bilo da želite sjediti na platformi, sunčati se ili skočiti sa nje u beskrajno plavetnilo mora. Kokpit se pretvara u centralni salon i pruža mogućnost za ugodno druženje. Upotpunjuje ga stajalice sjedište pilota i kopilota iza kojeg su smješteni kuhalo, mali sudoper i hladnjak. Unutrašnjost plovila pruža i više nego dovoljno za dvoje koji žele provesti romantični vikend na moru. Dupli krevet u kabini može se podijeliti na ležaj za jednu osobu i kauč u obliku slova L. Plovilo ima zasebnu kupaonicu sa WC-om i umivaonikom, što inače nije slučaj za plovila ove dužine.

Opustite se uz ugodnu atmosferu koja započinje već na samom kokpitu, a nastavlja se u unutrašnjosti plovila uz veliki krevet u pramcu broda.

A brand new model of Key Largo line - Key Largo 27 with inboard engine Volvo Penta 5.7 GXi 320 hp fascinates with its design, dynamic profile and new interesting solutions.

The most interesting novelty of this model is the swim platform that gives you the opportunity to enjoy wherever you want; to sit on the platform, sunbathe or jump from it into magical blue sea. Cockpit is transformable into a central lounge and provides an ideal opportunity for pleasant company. It is complemented with the stand-up seat for pilot and copilot, behind which a kitchen with stove, a small sink and a refrigerator are located. The interior provides more than enough for a couple who wants to spend a romantic weekend on the sea. The double bed in the cabin can be divided into a bed for one person and a L-shaped sofa. Separated bathroom with a toilet and a sink is a unique element for a boat of this dimension.

An atmosphere of well-being starts from the cockpit, and continues in the interior with a large bed in the bow of the vessels.
