

Key Largo 34 Outboard

s novim Yamaha Joystick sustavom upravljanja

U stalnoj težnji za inovativnošću i pružanjem što potpunijeg užitka plovidbe Sessa Marine u suradnji s Yamahom predstavlja Key Largo 34 Outboard s novim Yamaha Joystick sistemom za vrhunske vanbrodske motore koji će pristajanje i manevriranje pri nižim brzinama učiniti jednostavnijim.

Novi joystick sustav omogućava korisnicima lakše upravljanje plovilima opremljenim vanbrodskim motorima. Upravljanje je sada preciznije i pouzdanije nego prije. Novi upravljački paket također uključuje brojne druge značajke dizajnirane da bi korisnicima olakšale plovidbu.

Baziran na upravljanju uz pomoć ergonomskog joysticka, sustav Joystick Control omogućava plovilima sa 2 ili 3 motora precizno i lako manevriranje jednostavnim pomicanjem joysticka u željenim smjeru.

Opremljen sa 2 x YAMAHA V6 F 300 motora u inačici s vanbrodskim motorima, Key Largo 34 postiže putnu brzinu od 40 čvorova, i može se bez srama pohvaliti izvanrednim performansama, fleksibilnošću i 100 % sigurnošću zahvaljujući dizajnu trupa koji zadovoljava najviše standarde branda.

Ovo trendy plovilo s brojnim opcijama za one koje traže uzbuđenje poziva vas u svijet adrenalina!

with new Yamaha Joystick Control System

In their continuing effort to innovate and bring to the customers increased boating enjoyment, Sessa Marine in collaboration with Yamaha presents Key Largo 34 outboard with a new Yamaha Joystick Control System for top-end outboard engines that will make docking and slow-speed manoeuvring considerably easier.

New Joystick Control System allows users to manoeuvre their outboard-equipped boats in more precise and controlled manner than before, using the steering wheel and throttles. New steering package also includes a number of other features designed to improve the boating experience for owners.

Based on an ergonomic joystick control at the helm, the Joystick Control System allows twin- or triple-engined boats to be manoeuvred precisely simply by moving the joystick in desired direction.

Powered by 2 YAMAHA V6 F300 engines for the outboard version, Key Largo 34 cruises at about 40 knots, and can shamelessly boast with high performance, flexibility and 100% security thanks to its hull, designed to satisfy the brand's high standards.

This trendy boat with tons of options for thrill seekers invites you to the world of adrenalin!
